
Mitigation Planting Monitoring Report

For Riparian Plantings

A completed form must be submitted 1, 2, 3, 4 and 5 years after the Corps accepts your as-built drawing of the mitigation planting area. Submit this completed form to:

U.S. Army Corps of Engineers, Regulatory Branch, P.O. Box 3755, Seattle, WA 98124-3755

Corps' Reference Number: _____

Date This Report is Due: _____

Mitigation Monitoring Year (1-5): _____

Permittee's Name: _____

Address: _____

City/State/Zip Code: _____

Phone Number and Email: _____

You Must Attach to This Form: 1) Photographs of the mitigation area taken during the growing season.

2) As-built map with photo location points.

Photos must be provided at designated points; photo documentation must include a panoramic view(s) of the entire mitigation site. Submitted photos must be formatted on standard 8 1/2" x 11" paper, dated with the date the photo was taken, and clearly labeled with the direction from which the photo was taken. Photo location points must be identified on as-built map(s).

Date of Inspection	Species Name of Dead Plants	Number of Dead Plants	Name of Species Replanted	Number Replanted

If there are multiple sites, fill out a separate table for each planting site.

Conclusions¹:

¹ *If performance standards are not being met, a brief explanation of the difficulties and potential remedial actions proposed by the permittee or sponsor, including a timetable, must be provided. For any potential remedial actions identified, the permittee or sponsor must specify which remedial actions will be implemented. The Corps will ultimately determine if the mitigation site is successful for a given monitoring period.*
